

Link to 2nd kidnapping attempt suspected

By JEFF BROWN

Alfred Meeks, the man police have charged with masterminding the kidnapping of Bruce Hutton last month, may be charged with a September 10, 1981 attempted kidnapping in Ocala, according to Palm Beach County

Sheriff's Detective Sgt. Harry Driggers.

The charges may be filed against Meeks and two unidentified others as early as Monday, October 26, according to Driggers.

According to Driggers, the

sheriff's department had discovered what appeared to be an earlier kidnapping attempt when they pieced together Meeks' activities prior to the Hutton incident.

The department found about the incident when an unidentified

friend of Everhart read of Meeks' arrest in the Hutton case and, familiar with the Ocala incident, called the department and talked with Driggers.

The department pieced together the scenario with the help of the Ocala state attorney's

office. They intend to charge Meeks with attempted kidnapping in the incident, according to Driggers.

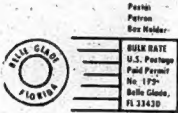

The earlier attempt may have been foiled by the presence of a Doberman pinscher.

According to Driggers, Meeks

had taken Susan Everhart out to dinner the night of September 10, leaving Everhart's five or six year old home with a babysitter.

A khaki-dressed "delivery man" approached the house while Everhart was out, claiming he

FRITZ STEIN, Jr. expresses his thanks for the Belle Glade Chamber of Commerce Citizen of the Year Award Thursday, Oct. 15. Looking on is toastmaster Robert C. Lee, The Citizen of the

Year Award was the highlight of the Annual Banquet and Awards Night. More details inside this week's Herald-Observer.

Chamber honors outstanding citizens

By JIM JONES

The Belle Glade Chamber of Commerce held its annual banquet and awards night Thursday, Oct. 15, in the Belle Glade Elks Lodge.

Recognized were the Chamber's Citizen of the Year, Fritz Stein; the fireman of the year, Lt. Cecil Bair; the agri-industrial man of the year, Emil A. Wolf; and the police officer of the year, Patrolman Jack Fulenwider.

Installed were new officers, including Pres. James Jacks, 1st Vice Pres. John E. Balor, 2nd Vice Pres. Dennis Wedgworth, Treasurer Doris Priest, and Ex-

ecutive Secretary Jewel Crane.

Directors are Israel Bean, Jr., James Herring, David Goodlett, D. Bill Mathis, Robert E. Raessler, Douglas Lockhart, Charles Echols, and Pedro Gonzalez.

Among the dignitaries present Thursday were Rep. Frank Messersmith, Mayor Tom Altman, Commissioner Charles Goodlett, Commissioner Bill Greer, Commissioner George Goforth, City Manager Rolfe Wagner, School Board Member Sam Lovell, and County Commissioner Bill Bailey.

Outgoing Pres. Paul G. Corbin

presented the president's report and noted that the Chamber has 251 members this year.

Recognized were directors who are leaving the Chamber this year, including Lynette Thompson, Frank Green, Rupert Mock, Jr., and Gordon Corbin.

East Texas humorist Bob Murphy kept the near capacity Chamber crowd laughing with his sharp wit.

"Common sense is nothing but genius in working clothes," he said at one point, and exhorted chamber members to "Hang in there. Keep on trying."

Legislative Delegation visits

By JEFF BROWN

BELLE GLADE - The Palm Beach County Legislative Delegation met in Belle Glade Monday, October 19, and heard testimony on road repair and a grievance from a local teacher.

Frank Jones, chairman of the Canal Hazard Safety Program, urged the delegation to support the im-

provement of state road 80 between Belle Glade and West Palm Beach.

State road 80 provides Belle Glade with its only access to the eastern part of the county, according to Jones, and he asked the delegation to work toward providing money to make it a four lane highway.

[Continued on Page 2]

FRO suit filed; picketers leave

Pickers were gone from the front lawn of U.S. Sugar Corp. this week as the Farmworkers Rights Organization (FRO) moved its case into court.

FRO is reported to be seeking an injunction in the U.S. District Court of Appeals in Miami to prevent USSC from bringing in some 2,400 Jamaicans hired for this season's cane harvesting.

Claiming that there are 1,600 domestic workers who could be hired for harvesting, FRO wants the Jamaicans' entry blocked and the walkout of 38 Haitians earlier this month recognized as an organized strike called by the FRO.

If the walkout is determined by the court to be a bona fide strike, the U.S. Labor Department is expected to notify the Immigration and Naturalization Service which would then be unable to

grant temporary visas to the West Indian workers.

As of Tuesday afternoon, James Terrill, USSC vice president in charge of personnel, had not been notified by either the Atlanta office of the U.S. Department of Labor or INS of any decision made by the U.S. court.

An FRO release denies that it is fighting against Jamaican workers, claiming its fight is for better conditions for all workers.

"Our fight is with the sugar companies, and with the government for allowing the present conditions to exist," the FRO release reads.

The release contains statements which are refuted by Terrill as being incorrect.

One such FRO statement reads, "We [Continued on Page 2]

Turn back clock Sunday

It's that time of the year again when we turn back our clocks to conserve the dwindling daylight hours.

Remember to turn back your clock one hour Sunday, Oct. 25. It's spring forward, fall back.

SFWMD sets meeting

The South Florida Water Management District has invited all agricultural water users around Lake Okeechobee to a meeting Thursday, Oct. 1, at 1 p.m. in Clewiston's John B. Boy Auditorium.

Purpose of the meeting is to discuss management of water resources during the dry season, said SFWMD's Sheila Middaugh. Comments from agricultural users will also be solicited. Chairing the meeting will be Joe Schweigart, deputy director of field services. Middaugh said Schweigart's position is a new one, created especially for the management of water resources during the current water crisis.

Also expected to be present at Thursday's meeting are John Wodnicka, deputy executive director, and Board Member John Hundley of Pahokee.

SENATOR TOM LEWIS received a plaque from the Association of Retarded Citizens in appreciation of his support last year. The award was presented at the delegation meeting in Belle Glade Monday and came as a surprise. To his right is Tricia Blash, ARC director.

Waste Authority may lease fill

BELLE GLADE - Glades area garbage may be going to the Pahokee Landfill, if the county commission approves, according to Palm Beach County Solid Waste Authority Executive Director Timothy F. Hunt Jr.

The pyramid-type Pahokee County Landfill is nearing completion and will be closed when the Glades Region Waste Processing and Disposal

Facility goes into operation next month, according to Hunt.

The county could haul in sand and soil as fill, or use garbage from the Glades region to achieve the final contours and capping.

"The county will be responsible for the final closeout and operation [of the landfill]," said Hunt. "We'd just operate it until the final contours."

Such a move would not affect the possibility of the authority negotiating a contract with the Okeechobee County Landfill, but may result in lower rates, according to Hunt.

An agreement with the Pahokee County Landfill could lower by \$120,000 the rates the authority recommended for approval Monday, October 19, [Continued on Page 2]

Delegation—

(Continued from Page 1)

He also asked the delegation to work towards providing funds to repair roads all over the state. Florida roads are in "bad repair," he said.

"The only solution to this problem is additional funding for DOT," he said. "If you have a leaking roof, you can ignore it, and it will stain the ceiling. If you continue to ignore it, the ceiling will crack and fall apart and it will cost four times as much to repair. Well, the same with roads. Repairing them now is cheaper than replacing them later."

The delegation also heard testimony from J. Bert Ward, a teacher at Lake Shore Junior High School, who claimed his stand against stanne grading has brought pressure upon him from the school administration.

The delegation voted to investigate the allegations.

Ward told the delegation that he was removed from a 216 day Diversified Cooperative Training program and placed in a 196 day regular classroom after his criticism of the stanne system.

Ward passed out a letter from Glades Central Principal Effie C. Grear in which she informed him that she was transferring him to regular classroom the following year because he did not have an active extra-curricular or co-curricular student organization in his program.

Ward also passed around copies of a court case on co-curricular and extra-curricular activities, and argued that state law does not mandate the existence of such organizations, but only recommends it.

He also argued that his transfer was illegal because the state stipulates that the school board "is to have exclusive authority to form contracts with the instructional personnel of the school system."

The law further states that "Neither a superintendent nor a principal... may enter into a contractual agreement with a teacher without the expressed approval of the School Board."

The delegation also heard testimony from Tricia Blash, Director of the Association of Retarded Citizens, who presented Senator Tom Lewis with the Association's most valuable legislator's award.

Lease fill

(Continued from Page 1)

and solve a "big chunk" of a cash flow problem Hunt anticipates the authority will experience in the first 48 to 60 days after entering an agreement with Oksechoes.

The authority may have a cash flow problem if it enters an agreement with Oksechoes because of an up front \$22,000 deposit the contract may necessitate.

The rates the authority recommended for adoption at the Glades Region Transfer Station could be lowered by as much as \$5 if an agreement is reached with the Pahokee landfill.

The rates are \$21.70 per ton for compacted garbage, mixed trash and plastic or paper pesticide con-

tainers, \$22.10 per ton for building material, tires and appliances, and \$16 per ton for vegetation.

The Glades Region Transfer Station could be completed and in operation by November 1, according to Hunt.

In other business, the Authority unanimously decided to recommend the county not enter into an agreement with a firm seeking to recover fuel from Belle Glade, South Bay and Palm Beach County waste on an experimental basis.

The South Bay City Council had unanimously decided not enter into the agreement, it was announced. According to Hunt, this effectively kills the deal.

Kidnapping attempt

(Continued from Page 1)

was to deliver a package to the address.

"He was supposed to deliver a small box about the size a pen and pencil set would be delivered in, except there was nothing in it," said Driggers, recreating the scene. "The ransom note was in the envelope. He was met by the babysitter and the Doberman pincher. He could see the small child he was supposed to abduct, but was afraid to go for it because of the dog."

The "delivery man" left the package and note, but came back momentarily to recover the note explaining it was to go to another address, according to Driggers.

The dog continued to stare at him throughout, according to Driggers.

"Someone could have certainly been injured," said Driggers. When Everhart came home, she opened the box and found it empty.

Police may also charge two others in the attempt, according to Driggers.

The other two individuals rented a car in Belle Glade and drove to Gainesville to pick up Meeks, according to Driggers.

They drove to Ocala and checked into a motel.

While Meeks took Everhart to dinner, the "delivery man" was to

abduct the girl and leave the note demanding \$100,000 in \$10 and \$20. The third individual was to wait in the motel for the girl to be delivered, according to Driggers.

The names of the other two suspects will not be released until arrests have been made, according to Driggers.

Meeks, 31, is in custody for the Bruce Hutton kidnapping case. He is facing charges of conspiracy to commit kidnapping, kidnapping, aggravated battery and burglary.

Five other individuals are facing charges in the incident.

Shop at home

campaign underway

PAHOKEE-The Pahokee Chamber of Commerce held a noon meeting on Oct. 19 to discuss this year's plans for the "Shop at Home" campaign.

According to Doris Wetherington, chamber member, the chamber plans to sell decals for businesses in Pahokee to display in their windows. The entry fee for the decals is \$10.

The Chamber will be sponsoring weekly drawings at the local participating businesses and cash prizes will be given away each week starting with a \$25 prize and progressing each week until the final prize on the fourth week will be a cash prize of \$100.

"So far we have Hendrix Hardware, Western Auto and Baines Superette participating," said Mrs. Wetherington. "We hope to get many more participants." For more information on the Shop at Home campaign, you can call the Pahokee Chamber of Commerce at 924-5579.

Band parents sponsor dance

BELLE GLADE-The Glades Central Band Parents are inviting the community to come to a "Baller Dance" on Oct. 23 after the Glades Central Game at the El Ranchito.

A live band will be on hand and parents are encouraged to attend and learn the latest dance steps along with their children. Tickets can be purchased in advance at the game for \$4 and at the door for \$5.

A prize will be given at the dance for the best dancers and everyone is invited to attend.

FRO files suit

(Continued from Page 1)

know that the company takes more than 30% of your daily wages and sends it back to the Jamaican government allegedly [sic] for insurance, savings, etc."

Twenty-five percent of the workers' wages are deducted, Terrill explained, of which 23 percent is deposited in individual personal accounts in a Jamaican bank for workers' families to draw from and two percent is paid as health insurance premiums.

The Jamaicans are protected by workmen's compensation for on-the-job injuries, Terrill said, but they do not pay social security because they

are not eligible to collect benefits.

FRO additionally claims that the better working conditions it seeks would limit workers to cutting only five tons of cane a day.

"There is no tonnage requirement," Terrill said, because piece work is based on linear feet. The tonnage estimate is used only as a guideline for the Department of Labor, he said.

A cutter with 35 years of experience averages eight tons a day. If the cane to be harvested totals 8,000 tons, it is estimated that 1,000 workers are needed.

Terrill refuted charges of the ton-

nage quota last week, noting that the linear quota is determined by each field in seed cane cutting, depending on the amount of foliage, density, and tangling. The linear quota is increased in harvesting, he said, because burning the cane eliminates some of the problems in seed cane cutting.

Terrill did confirm FRO claims that workers who quit or are laid off during a season are not rehired the following season.

"Any employer who has employees leave is not going to hire them back when they didn't complete the last season," he said. However, he said, a

worker is given the opportunity to work the next year. Work records are checked only for the previous year.

In response to FRO charges that workers who quit one company are blackballed by other companies, Terrill explained that recruiting is done as an industry and papers are filed with the Department of Labor as an industry. Therefore, the list of workers, including Americans, contains their employment record, Terrill said.

Gregory S. Scheil, a Florida Rural Legal Services lawyer, is representing FRO.

WINNERS in the spelling bee contest held at Glades Central were Junior David S. Donovan, second place winner from Pahokee High School, Freshman Maxine Cole, first place winner from Glades Central, Suzette Blake, grand winner from Glades Central, Sophomore Robert Gibbons, first place winner from Glades Central.

Glades Central hosts spelling bee

BELLE GLADE—"Faultless... F-A-U-L-T-L-E-S-S" faultless.

With that correct spelling, Suzette Blake, a senior at Glades Central High School, won the First Glades Central Invitational Spelling Bee.

The bee was held Wednesday, Oct. 14, between Pahokee High School and Glades Central students. Blake's victory clinching spelling game in the final round after David Donovan of Pahokee misspelled the word "erraticism." Blake spelled the word correctly and won the tournament on the next word, "faultless."

Donovan finished second, and Maria Rico of Glades Central finished in third place.

"Our next step is the county tournaments," said Glades Central Principal Effie Grear. "I want to commend all of you for the effort you put forth. You are all winners."

She encouraged the participants to continue to "buckle down and study" for the county tournament.

Judges for the tournament were Mary Orenigo, Harma Miller, Jeanette Fincannon, E. Jones, and Mercedes Robinson. Pronouncers were Dolly Hand, Doris Lane, Alice Zackerell, Juanita Teague, and Russell Brazzel.

According to Sandra Lutz, spelling bees were used by Sarah Bennett in her English classes in the past, and this year a writing team wrote them into the curriculum in an attempt to upgrade basic skills.

Glades Central will host a county bee November 11 when students from Jupiter, North Shore, Lantana and Pahokee will compete, she said.

Glades felony cases

The following felony cases were filed in the Glades County Court on Oct. 5 to Oct. 8:

*Robert Lee Jenkins of

529 S. W. Ave. B, Belle Glade — 1. Attempted grand theft, 2. Dealing in stolen property.

*Bobby Edward Keller of House No. 127, Ocoola Center, Belle Glade — Grand theft.

*Otis Charles Knight of 155 Tyson Court, Pahokee — Grand theft.

*Fred Morgan of 823 Padgett Circle, Pahokee — 1. Aggravated battery, 2. Possession of marijuana over 20 grams.

*Mervin Palmer of No. 8, 171 Booker Place, Pahokee — Burglary.

*Leonard Gene West of 74 Roosevelt St., Belle Glade — 1. Burglary, 2. Petty theft.

Pahokee voters to decide government

PAHOKEE — Eligible voters in Pahokee will be given the opportunity Tuesday, October 27, to advise the City Council on the form of government they desire.

Polls will open at 7 a.m. and close at 7 p.m. to give voters an chance to express a preference for the town's present form of government or for a proposed city manager form.

Under the current city council form of government, the voters elect the mayor, city council members, city clerk and city marshal.

The mayor is charged with the

daily operation of the city.

Under the proposed city council form of government, the mayor would not be elected. The council would appoint a mayor from among its members and would hire a city manager from outside. The manager would be in charge of the operation of the city and would answer to the council.

If the non-binding referendum passes, the council will work out the details of a city charter change and the voters will have the opportunity to approve or reject the change in a binding referendum.

ASC nominations asked

Farmers were asked by the Agricultural Stabilization and Conservation Committee to nominate candidates for the ASC county and community committee ballot, according to Marie L. Wilkins, ASC County Executive Director.

The ASC Community Committee election will be conducted by mail from Nov. 27 to Dec. 7. The ASC communities in Palm Beach County are: Belle Glade, Coastal and Pahokee.

ASC committees are responsible for managing government farm programs on the local level.

Farmers were mailed petition forms and are now submitting them to the county ASCS office, according to Wilkins. Final date for submitting petitions is Nov. 2.

Individuals may circulate or sign nominating petitions for as many candidates as they choose. Anyone wishing to nominate someone for the ASC committee election

may contact the county ASCS office.

A list of the names of all persons eligible to receive ballots in the upcoming annual ASC committee election is available in the county ASCS office, according to Wilkins.

Any individual of legal voting age with an interest in a farm as owner, tenant, or sharecropper and is eligible to participate in any ASCS program is eligible to vote in the election.

Senator announces academy deadline

WASHINGTON, D.C. — U. S. Senator Paula Hawkins (R-Florida) announced Oct. 9 that she has set a November 15 deadline for the receipt of all necessary materials in order to be considered for a nomination to one of the service academies as a member of the Class of 1986.

The Senator will be making nominations to the Air Force (West Point), Naval (Annapolis) and Coast Guard Academies.

Individuals who have not yet requested a nomination through Hawkins' office are invited to write for an application and fact sheet at Post Office Box 2000 in Winter Park, Florida 32790.

"So far we have Hendrix Hardware, Western Auto and Baines Superette participating," said Mrs. Wetherington, "we hope to get many more participants." For more information on the Shop at Home campaign, you can call the Pahokee Chamber of Commerce at 924-5579.

Band parents sponsor dance

BELLE GLADE—The Glades Central Band Parents are inviting the community to come to a "Raider Dance" on Oct. 23 after the Glades Central Game at the El Ranchito.

A live band will be on hand and parents are encouraged to attend and learn the latest dance steps along with their children. Tickets can be purchased in advance at the game for \$4 and at the door for \$5.

A prize will be given at the dance for the best dancers and everyone is invited to attend.

FRO files suit—

[Continued from Page 1]

know that the company takes more than 30% of your daily wages and sends it back to the Jamaican government allegedly [sic] for insurance, savings, etc."

"Twenty-five percent of the workers' wages are deducted, Terrill explained, of which 23 percent is deposited in individual personal accounts in a Jamaican bank for workers' families to draw from and two percent is paid as health insurance premiums.

The Jamaicans are protected by workmen's compensation for on-the-job injuries, Terrill said, but they do not pay social security because they

are not eligible to collect benefits.

FRO additionally claims that the better working conditions it seeks would limit workers to cutting only five tons of cane a day.

"There is no tonnage requirement," Terrill said, because piece work is based on linear feet. The tonnage estimate is used only as a guideline for the Department of Labor, he said.

"A cutter with 35 years of experience averages eight tons a day. If the cane to be harvested totals 8,000 tons, it is estimated that 1,000 workers are needed."

Terrill refuted charges of the ton-

nage quota last week, noting that the linear quota is determined by each field in seed cane cutting, depending on the amount of foliage, density, and tangling. The linear quota is increased in harvesting, he said, because burning the cane eliminates some of the problems in seed cane cutting.

Terrill did confirm FRO claims that workers who quit or are laid off during a season are not rehired the following season.

"Any employer who has employees leave is not going to hire them back when they didn't complete the last season," he said. However, he said, a

worker is given the opportunity to work the next year. Work records are checked only for the previous year.

In response to FRO charges that workers who quit one company are blackballed by other companies, Terrill explains that recruiting is done as an industry and papers are filed with the Department of Labor as an industry. Therefore, the list of workers, including Americans, contains their employment record, Terrill said.

Gregory S. Schell, a Florida Rural Legal Services lawyer, is representing FRO.

Glades Central hosts spelling bee

BELLE GLADE—"Faultless... F-A-U-L-T-L-E-S-S... faultless."

With that correct spelling, Suzette Blake, a senior at Glades Central High School, won the First Glades Central Invitational Spelling Bee.

The bee was held Wednesday, Oct. 14, between Pahokee High School and Glades Central students.

Blake's victory clinching spelling came in the final round after David Donovan of Pahokee misspelled the word "erraticism." Blake spelled the word correctly and won the tournament on the next word, "faultless."

Donovan finished second, and Maria Rico of Glades Central finished in third place.

"Our next step is the county tournaments," said Glades Central Principal Effie Grear. "I want to commend all of you for the effort you put forth. You are all winners."

She encouraged the participants to continue to "buckle down and study" for the county tournament.

Judges for the tournament were Mary Orenigo, Harma Miller, Jeanette Fincannon, E. Jones, and Mercedes Robinson. Pronouncers were Dolly Hand, Doris Lane, Alice Zackerel, Juanita Teague and Russell Brazzel.

According to Sandra Lutz, spelling bees were used by Sarah Bennett in her English classes in the past, and this year a writing team wrote them into the curriculum in an attempt to upgrade basic skills.

Glades Central will host a county bee November 11 when students from Jupiter, North Shore, Lantana and Pahokee will compete, she said.

Staff photo by Brendo Bunting

WINNERS IN THE spelling bee contest held at Glades Central were Junior David S. Donovan, second place winner from Pahokee High School, Freshman Maxine Cole, first place winner from Glades Central, Suzette Blake, grand winner from Glades Central, Sophomore Robert Gibbons, first place winner from Glades Central.

Pahokee voters to decide government

PAHOKEE — Eligible voters in Pahokee will be given the opportunity Tuesday, October 27, to advise the City Council on the form of government they desire.

Polls will open at 7 a.m. and close at 7 p.m. to give voters an chance to express a preference for the town's present form of government or for a proposed city manager form.

Under the current city council form of government, the voters elect the mayor, city council members, city clerk and city marshal.

The mayor is charged with the

daily operation of the city.

Under the proposed city council form of government, the mayor would not be elected. The council would appoint a mayor from among its members and would hire a city manager from outside. The manager would be in charge of the operation of the city and would answer to the council.

If the non-binding referendum passes, the council will work out the details of a city charter change and the voters will have the opportunity to approve or reject the change in a binding referendum.

ASC nominations asked

Farmers were asked by the Agricultural Stabilization and Conservation Committee to nominate candidates for the ASC county and community committee ballot, according to Marie L. Wilkins, ASC County Executive Director.

The ASC Community Committee election will be conducted by mail from Nov. 27 to Dec. 7. The ASC communities in Palm Beach County are: Belle Glade, Coastal and Pahokee.

ASC committees are responsible for managing government farm programs on the local level.

Farmers were mailed petition forms and are now submitting them to the county ASCS office, according to Wilkins. Final date for submitting petitions is Nov. 2.

Individuals may circulate or sign nominating petitions for as many candidates as they choose. Anyone wishing to nominate someone for the ASC committee election

may contact the county ASCS office.

A list of the names of all persons eligible to receive ballots in the upcoming annual ASC committee election is available in the county ASCS office, according to Wilkins.

Any individual of legal voting age with an interest in a farm as owner, tenant, or sharecropper and is eligible to participate in any ASCS program is eligible to vote in the election.

Senator announces academy deadline

WASHINGTON, D.C. — U. S. Senator Paula Hawkins (R-Florida) announced Oct. 9 that she has set a November 15 deadline for the receipt of all necessary materials in order to be considered for a nomination to one of the service academies as a member of the Class of 1986.

The Senator will be making nominations to the Air Force (West Point), Naval (Annapolis) and Coast Guard Academies.

Individuals who have not yet requested a nomination through Hawkins' office are invited to write for an application and fact sheet at Post Office Box 1000 in Winter Park, Florida 32790.

Prior to the November 15 deadline, all prospective nominees are requested to furnish Senator Hawkins with a completed application form, small photograph, high school transcript, college entrance examina-

tion scores and three letters of recommendation.

Persons having questions concerning the nomination process or requirements are also invited to contact Senator Hawkins' office in Winter Park, Florida.

Varn quits, too bad

There was an increased feeling of optimism Feb. 27 when new Department of Transportation Secretary Jake Varn visited the Glades area and saw for himself how atrocious and inadequate some of our roads are.

The feeling of optimism was based not on promises made by Varn — he made none — but rather on the fact that he had enough interest in his job to find out the facts personally.

There was a refreshing sense of candor about Varn. He said he was experienced with working in thankless jobs, citing his experience with the Department of Environmental regulation.

"We need more people who tell it like it is. There aren't too many peachy, rosy situations out there," he said.

He was quite right, of course. But Thursday, Oct. 15, Varn announced that he had had enough and was quitting.

Varn said he was frustrated by being out of his element and by the bleak prospects of getting increased funding for the DOT over the next two years.

"I'm not content to sit around and hold a department's hand," he said.

We regret that Varn has chosen to throw in the towel, unless he truly feels that he is out of his element.

What Varn faced is not too different from the hard times facing many government agencies. Big government at least gives the appearance of shrinking a bit for the first time since the days of the New Deal.

We need competent, dedicated professionals in critical posts, such as at the Department of Transportation, who will be able to do more with less. Hopefully the days of government solving problems by throwing more money at them is over.

If every government leader feels so frustrated by funding cutbacks that he decides to quit, then we are in trouble.

There is no doubt that government has created many unnecessary, wasteful programs. Roads do not fall into this category, however. Good roads, like good schools and good law enforcement, are basic services that Americans have the right to expect and demand.

It seems to us that Varn could have made a greater impact for the common good as transportation secretary. Instead, he plans to return to private practice as an environmental attorney in Tallahassee.

Crisis Line offers course

Crisis Line Information and Referral began offering a six week training course for paraprofessional telephone counselors as Mid County Senior Center in Lake Worth October 20.

The classes, which are open to all interested people, have been expanded to include training in crisis counseling, information and referral, telephone reassurance for the aged, telecommunications for the deaf and a new medical alert system.

Crisis Line Information and Referral is a 24 hour, seven day a week telephone counseling and information system manned by volunteers.

"We need 120 volunteers a week to fill the line," said Director of Volunteer services Kay Dewalt. "I would like to urge everyone who would like to spend four hours a week helping people to register for the class."

Palm Beach County Junior College will award three credits to those enrolled in the continuing education program, according to the CLIRS.

CLIRS receives over 100,000 calls per year from people facing difficult problems or distressful situations. The local number is 996-1121.

Opinion

"We're going to Randy's house; he has pink eye. If we get it, we won't have to go to school for a week."

Everglades History

30 YEARS AGO
GLADES OBSERVER
OCTOBER 24, 1951

High school classes were first offered at Glades Correctional Institution at Belle Glade. The classes were designed to help inmates pass the General Educational Development test for a high school diploma.

The Pahokee City Council passed a final reading Ordinance which repealed Ordinance 9-61 and returned the legal hours for the sale of alcoholic beverages to set the open hours for the sale of liquor in Pahokee at 8 a.m. to midnight, Monday through Friday and 8 a.m. Saturday to 1 a.m. Sunday.

The grand opening of the new Thriftway Supermarket in Pahokee was held at the location on Radin Avenue just off Bacom Point Road. It was locally owned by George Crews and Leroy Miner, but was one of a chain of independent stores operating within the cooperative arrangement of Associated Grocers of Florida, Inc.

Mrs. Leo Wroten entertained at her home with a party for her daughter, Bea, who was celebrating her sixth birthday anniversary.

30 YEARS AGO
THE EVERGLADES NEWS
OCTOBER 24, 1951

Herman Close was named mayor of Belle Glade at a reorganization meeting of the City Commission. He succeeded Commissioner W.F. Corder in that post.

The Fields Cafe in Pahokee, long known as the Sandwich Shop and operated for the past several years by Mr. and Mrs. H.D. Fields, Sr. was closed. Mr. Fields was to take up employment in Miami.

Jess M. Elliott of Pahokee was elected president of the Everglades Branch of the National League of Wholesale Fresh Fruit and Vegetable Distributors at the annual dinner meeting election of officers and ladies night at the Escape Hotel in Ft. Lauderdale.

The Everglades Unit of the Florida Farm Bureau conducted a semi-annual dinner meeting for all members in the County Park community building at Canal Point.

A bridge was built over the Belle Glade-Pahokee road canal so that residents east of it and north of the Hillsboro could again go out with their cars.

Jack Phillips, V.L. Geiger, Perry Duke and Bill Golden, members of the Glades Unit of the Civil Air

Patrol, attended the Civil Air Patrol Search and Rescue Meet at Lantana.

40 YEARS AGO
THE EVERGLADES NEWS
OCTOBER 24, 1941

The series of barn dances sponsored by the finance committee of the Pahokee Woman's Club were increasing in popularity as large crowds of young people attended the dances conducted in the Woman's Club building.

The Pahokee Chapter of Future Farmers of America was awarded a bronze emblem for being the third outstanding chapter in the United States. Heavy rainfall over the area damaged growing crops in the Lake Harbor area while the Pahokee and Canal Point area suffered little from the heavy rains.

The county school board canvassed petitions for candidates for school trustees, approved 28 and ordered their names placed on the ballot for the Nov. 4 election.

The earliest sugar cane harvest in the history of Florida sugar production in the Glades area began that week. The 1941-42 cane harvesting operations began on Oct. 20, according to an announcement by General Manager Jay Moran, vice-president of the United States Sugar Corporation.

50 YEARS AGO
THE EVERGLADES NEWS
OCTOBER 23, 1931

H.A. Ray, Jr. of Crestview, Fla. in Okaloosa County, leased C.A. Bailey's restaurant in Pahokee and changed the name to the Sun Ray Cafe. Surveys for the federal government's navigation and flood control project in the Lake Okechobee and Caloosahatchee river areas had to be finished by the end of the year and in the hands of the district U.S. Engineer at Jacksonville by the first of January.

Bids would then be asked on 35 miles of levee by early spring.

R.G. Fisher reported that he would have his apartment building completed and ready for occupancy by the end of the week when pickers would arrive for harvesting of beans and other crops.

W.H. Rawle motored to West Palm Beach to consult a physician regarding an infection in his hand which had been giving him considerable difficulty.

JIM JONES

BOILER PLATE

Baseball fever

Whew! There was more non-excitement on the baseball circuit this year than I could stand.

But the long wait is just about over and the two teams that use to engage in those "subway series," the Dodgers and the Yankees, are about to have it again.

Before I get into that, let's dredge up the baseball strike one more time.

I don't know about you, but I had a hard time getting into the nuts and bolts of what that whole thing was about.

A fellow I know who knows about these things assures me that the players won. He says the owners just held out till their strike insurance ran out and then gave the players everything they wanted in the first place. Could be. I lost interest about the second day of the strike.

The strike is over now and so is the "second season," and the playoffs. Baseball really gets interesting around playoff time; only then do you have teammates like Reggie Jackson and Craig Nettles shoving each other around. You would think that two old Yankees who are pushing 40 would know better. They say baseball is a little boys game that big boys play. Guess there is still a lot of the little boy in Craigie and Reggie.

Nothing really concerned me until the crisis this past week. Canada threatened to horn in on the World Series. The Expos nearly took away the World Series from the Dodgers.

I suppose it's just a matter of time until a non-American team ends up in the World Series. Could be that eventually no American teams will be in the Series. In 20 years, there might be a Tokyo-Taipei ricebowl series or a Mexico City-Montreal Pan-American Series.

If this sounds preposterous, just consider that: 1. Taiwan year, in year, turns out the world's best Little League teams, 2. Japan is nuts about baseball and even has a player who hit more homers than Hank Aaron, 3. Los Angeles Dodger pitcher Fernando Valenzuela is from Mexico and, major league rosters are heavily spiced with names like Orlando, Juan, Jose, and Jesus, and 4. Montreal almost got into the Series this year.

The world seems a little smaller all the time, so it's just a matter of time till the major leagues expand south of the Rio Grand and beyond the Atlantic and Pacific.

The days of the Subway Series are long gone in more ways than one.

'Love is...' GCHS homecoming theme

BELLE GLADE - Glades Central Community High School will be celebrating its homecoming this weekend with the theme "Love is..." Festivities started Tuesday night when Lucritia Knight was crowned Homecoming Queen and continue through Friday night's football game against Lake Worth.

The annual homecoming parade will be Friday, Oct. 23 at 3 p.m.

The parade will line-up on Fourth Street in front of Glades Central Gym and proceed to Canal Street where it will turn right. It will move down Canal Street to the Fifth Street Bridge where it will cross the bridge and move to Avenue E.

The parade will move down Avenue E to Main Street, which it will follow to West Canal Street.

Canal Street will take the parade back to Fourth Street and the place of original lineup.

Lakeshore PTO plans 1st meeting

BELLE GLADE - The Lake Shore Elementary Parent-Teacher Organization's first meeting of the academic year was held September 23 in the school's cafeteria.

Principal Eddie Fitzgerald and Assistant Principal Barbara Case presented an overview of the school's program.

The 1981-1982 PTO officers are President Juanita Edwards, First Vice President Evelyn Johnson, Second Vice President Carolyn Watts, Recording Secretary Janis Lawson, Corresponding Secretary Harma Miller and Treasurer Vivian Byrd. Eloise Bythwood is in charge of publicity.

Flu vaccine available

BELLE GLADE - Influenza vaccine will be available at the Glades Community Health Center, 1024 NW Avenue D, beginning Oct. 19, according to the Palm Beach County Health Department.

The vaccine will be available from the department at a charge of \$5. It is also available from private physicians. The vaccine, which will offer protection against the A-Brazil, A-Bangkok and B-Singapore strains, is recommended for children and adults with chronic respiratory diseases such as emphysema and bronchitis.

The department also recommends it for those over 65 years old and those with chronic diseases or heart disease.

The Brazil, Bangkok and Singapore strains are expected to be prevalent this fall and winter.

The Center will offer the vaccine Mondays through Fridays from 1 to 4 p.m.

LUCRITIA KNIGHT

Personals

IN MEMORY OF
JERRY VULGAMORE
Departed Oct. 12th, 1980

We all had a friend we cared for, in our own special way. We shared many happy times with him and for this we have been enriched forever.

But we who loved him also share the grief of knowing we will never again see his face, hear his laughter or embrace him in this life.

We let so many moments pass without expressing our love to him and for this, we are sorry.

Jerry's sudden death opened our eyes to the fact that life is too precious to waste, that our friends are not to be

taken for granted and that God put us here to love and help on another through this life.

In memory of Jerry, we are trying to remember and practice this everyday. We rejoice in the knowledge that when the Lord calls us home, we will be together again with our friend Jerry and all those who have gone before us to live in a life everlasting.

Jerry's Friends

Cord of Thanks

The family of Augusto Blanchard Sr., wishes to thank all their friends for their kindness, cards, flowers and prayers during their time of sorrow.

The Blanchard Family

Cord of Thanks

I wish to express my thanks and appreciation to all those who helped me and my family during our recent sorrow over the death of Florine Putmon.

SORROW

'Tis the rain, the clouds dark, which come to you and me, that causes us to appreciate the sun, bright clouds of grief.

Lorine Wells and Family
and the Putmon Family

Contest seeks entrants

America's Miss Charm National Scholarship Pageant is looking for girls all over the state to represent their city or county at the upcoming National Finals.

A girl in each of the five age divisions will be selected to represent their city or county. The categories are Little Miss (ages 4-6), Miss Ideal (7-9), Jr. Miss (10-12), Teen (13-16), and Miss (17-25).

Each young lady will compete in a private inter-

Resident named group manager

BELLE GLADE - Howard Barker of Belle Glade has been appointed group manager of the Conklin Company.

Barker is one of 1,600 group managers and 17,000 independent Conklin distributors.

The Conklin Company is a Minneapolis, Minnesota, based chemical and energy-related products manufacturer. It manufactures roofing and coating materials, cleaners and agricultural chemical.

view, talent, evening gown and sportswear.

Over \$20,000 in cash scholarships, prizes and awards will be presented throughout the finals.

America's Miss Charm Nationals are presented to award scholarships, to bring recognition to all participants and to bring cities, counties and states closer together.

Each representative

will be officially crowned and presented a trophy at the National Finals for her participation. Mail a long, stamped, self-addressed envelope for more details to:

PIGSKIN PROPHETS 1981

For the first time this season there were two winners this week. **C & C Supply** and **Jim-Ken Tire** both came in on top with 11 wins and 1 loss with 45 points each on the tie breaker. **Lake Hardware** came in second place with a 10-2 record and a tie breaker of 38 points.

Fannie's Place was third with 9 wins and 3 losses and the best tie breaker forecast of 58 points. All the other forecasters had 4 losses or more.

In the overall standings **C & C Supply** is in the lead with 41 wins and 18 losses. **Lake Hardware** is a close second with a 40 and 19 record. **Slim's Fish Camp** and **Carter Chevrolet** are tied for third place in the overall standings with 38 wins and 21 losses each. All the other forecasters are close behind with plenty of good games left to move up fast.

Raiders clinch district spot

By JEFF BROWN

You could almost say it was a close one.

For the Glades Central Raiders, it was.

All season, the Raiders have been handling their opponents with ease. They lost their first game 3-6, then proceeded to level five consecutive opponents on their way to clinching a district title.

North Shore came to Belle Glade and left at the short end of a 39-6 score.

Jupiter followed them and left as 32-0 losers.

Then the Raiders went raiding. They travelled to Cardinal Newman and beat the Crusaders 45-14.

At home the next week, they beat the visiting Twin Lakes team 49-0.

Last Friday, they took their show on the road again. And, again, they came home as victors. The Atlantic Eagles folded under a Raider onslaught which netted 35 points and gave up only seven. But another hash mark in the win column wasn't the only thing the Raiders brought home. They also picked up another district title.

In six games, the Raiders have scored 213 points with what Head

Coach Ben McCoy calls "a balanced offense," while giving up only 32 points.

Randy Rutledge and Jacob Rhames led the team, if anyone can be said to lead a balanced team, to the victory. Rutledge carried the ball 18 times for a pick up of 114 yards and two touchdowns.

Rhames threw the ball 16 times for eight completions and one in-

terception. He threw three touchdown passes to his receivers, one of them a 66 yard play to Arthur Monroe.

A 57 yard pass to Rutledge and a 10 yard pass to Raymond MacDonald also resulted in touchdowns.

The Raiders host Lake Worth in a homescoming match up this Friday night at 8:00 p.m.

213 yards

and playoffs," said Rhames. "We'll play them like we were playing for the state championship. We don't take any of our games lightly."

"We have a good team," Rhames continued. "Every position is improving every game we play. Anybody on our team can score. Ray (MacDonald) and I have a combination, so while the other teams watch for that, I can hit somebody else."

Sports

Crusaders fall to Bishop Verot

By JEFF BROWN

The Belle Glade Christian Crusaders are on a roller coaster of sorts.

Three weeks ago, they beat up on Gold Coast Christian 28-0.

The next week, they squeaked by Berean Christian 12-6.

Last week, they lost to Bishop Verot.

Very badly.

The score was 49-6.

The six Crusader points came when defensive end William Cruz recovered a fumble on the Bishop Verot 43 yard line and ran it in.

The Crusader record is now at 2-4. Quarterback Tipio Paz completed only three of 17 passes for 33 yards, he threw three interceptions and rushed 12 times for 14 yards.

"He had an off day," said Assistant Coach Earl Lookabill. "He kept going for the bombs instead of for the first downs which we needed."

Juan Armas caught one pass for 11 yards and Luis Garcia caught two for 22.

Other rushers included James Barnwell, who picked up 11 yards in four carries, Phil Echols who rushed for 21 yards in eight carries.

Cruz picked up one fumble besides the one he ran in for the touchdown, and Armas also recovered one. Garcia led the team with three sacks, and Barnwell, Mirio Viogoa, Jody Canales each had a sack a piece.

Viogoa led the team with 14 assisted tackles and one unassisted.

Apart from that, the defensive team had a rough time of it.

"It was the first time they faced a wishbone offense," said Lookabill. "It confused them. Bishop Verot was pretty deceptive with their moves. Its the best wishbone offense I've seen in a scholastic situation."

The Crusaders are off this week, but will meet St. Edwards at Pahokee next week.

According to Lookabill, the team will work on its passing and tackling for that game.

BLUE DEVIL WALTER JOHNSON (40) tries vainly to block the game winning extra-point from the foot of Clewiston's Pete Walker. The vic-

tory clinched a district title for the Eagles, and eliminated Pahokee from contention for the crown.

Nov. 14: Lake Highland	Home

Blue Devils lose as Clewiston clinches

By JEFF BROWN

The Pahokee Blue Devils are in a no-win situation. Even if they win the rest of their games and finish the season with a 6-4 record, they cannot win their district - it was clinched by the Clewiston Tigers when they beat the Blue Devils last Friday.

It may be difficult for the Devils to pick themselves up and win those games, according to Coach Sandy Hyneman.

"Its hard to tell," said Hyneman. "This game meant a lot to us. All we have now is to try to win the rest of the games and make it a good season. It was very draining emotionally, very disappointing."

"We were very well prepared for the game with Clewiston emotionally," he continued. "I don't know if we'll be as prepared for the other games as we were for Clewiston."

Clewiston came into the contest seeking a district title clinching victory. They found it in overtime.

Pahokee was behind 6-12 at the half and scored one touchdown in the third quarter and another in the fourth. But it wasn't enough to claim victory.

The Tigers scored six as regulation time ended, and they won the game 19-18 in overtime when Quarterback Pete Walker kicked the extra point.

The Tiger squad wasn't the only team having a good evening, though. Pahokee Quarterback Antonio Wilson completed four of nine passing attempts for 76 yards and one touchdown, giving up only one interception. He lost eight yards in three rushes, but picked up one touchdown.

Joe Walker caught one pass for a touchdown and 38 yards, and Bernard Johnson matched that yardage in two receptions. Walter Johnson caught one pass for no gain.

Paul Buxton carried the ball four times for a gain of seven yards and the third TD.

Jeff Mullins was the leading Devil rusher with 99 yards in 17 carries.

Kenny Rawls picked up 51 yards in 19 carries.

"Antonio Wilson did a real good job at quarterback," said Hyneman. "We played a real good game. Its just a shame we didn't win."

This Friday, the Blue Devils travel to Jupiter.

THIS GATOR CARRIER was brought down, but his team mates never let the game get out of hand. The Glades Day Gators won the game

48-7. The Gators have a 2-1 record in their district.

Gators up record to 3-2 in win over Boca Academy

By JEFF BROWN

BELLE GLADE - The game was called with less than three minutes to play, but in a very real sense, it was over at half-time.

The Boca Academy Bulldogs just could not get past the Glades Day Gators defense. Gator Tobin Van Scoy just could not be stopped by the Bulldog defense.

Those two factors combined to help create a 48-6 Gator victory. The win puts the Gators, last year's 1A State Champions, over the .500 mark for the first time this season.

Van Scoy carried the ball over the goal line four times last Friday night. He picked up 213 yards in 22 carries.

Raul Garcia, the Gator quarterback, threw the ball for touchdowns twice and personally ran the ball in once. Richard Schiele caught one of the passes for a 14 yard TD play and Tom Wilson caught the other from 26 yards out.

Van Scoy ran his touchdowns in from the 22, 15, 24 and 13 yard lines.

Immediately after the Gators scored their final touchdown, with about two minutes and fifty seconds left in the contest, it was called off because the officials feared more injuries if the teams continued playing.

"Our offense had an exceptional performance," said Gator Coach Byron Walker. "The defense did a good job of getting the offense good field position, and I guess you could say the offense did a good job of using that field position. Offense and defense go hand in hand, really."

This Friday the Gators host John Carroll at 8:00 p.m.

"I'm always optimistic at home," said Walker. "I guess we could run and hide, but we have a contract so we better not do that."

The Gators are 2-1 in the district, one game behind Benjamin, which dealt the Gators their only district loss three weeks ago.

Walker admits the best the Gators can hope for is that Benjamin loses the district and the Gators pick it up.

Benjamin must lose its last two district contests to win the title.

The team will continue running a wishbone offense and an eight man, 6-2 defensive alignment, according to Walker.

"It's been very successful for us," he said, adding "We don't throw the ball unless we have to. The pass is a big play weapon for us."

Society

Sisters married in double wedding

ERENA AND ALINA SERRA

Erena and Alina Serra, the daughters of Roger E. and Erena V. Serra of 106 S. Greentree Ave., Pahokee, exchanged vows in a double wedding ceremony held on Aug. 16 at the First United Methodist Church in Pahokee.

Michael Eugene Mills, son of Mrs. Jewel Crane of Belle Glade exchanged vows with Erena Serra.

Carlos Antonio Latour, son of Antonio and Maria Latour, also of Belle Glade, married Alina Serra.

The double ring ceremony was held at 7:30 p.m. with the Rev. Jeremiah Reem, of Boston, Mass. officiating. The organist was Mrs. Charles Collier of Pahokee and the soloist was Mrs. Carol Schmidt of Belle Glade.

Song solos by Carol Schmidt included the Lord's Prayer, Wedding Song, and Ave Marie. Erena's matron of honor was Lisa Bailey Antuna, of West Palm Beach and Alina's maid of honor was Nelda Sue Hall of Tallahassee.

The bridesmaid was Ana Latour and the flower girl was Stephanie Lockhart. Michael Mills' best man was Richard Browning of Pahokee, cousin of the groom-elect, and ushers were Hal Meeks, and nephews Jay and Kurt Congleton.

Carlos Latours' best man was Eddie Latour and ushers were Hamlet Serra, of New Jersey, a cousin of the brides,

Ralph Latour, brother of the groom and Peddie Rodriguez. The ring bearer was Alberto Latour, nephew of the groom.

In care of Erena's brides book was Maida Montgomery, her cousin and Alina's brides book was attended by Patty Serra, their cousin from New Jersey.

The brides wore satin dresses that were different but of similar styles with brussels lace. The style was old-fashioned with long sleeves, high collar and a long flowing train.

Their veils were a reef veil on delicate flowers made of organza and chiffré lace petals, with seed pearls and satin streamers. The grooms wore black tuxedos. The ushers wore the same.

The mother of the brides wore a mid-drift length dress of pure silk and hand painted prints. The bridesmaid and maid of honors all wore the same dresses. Their mid-drift dresses were lavender with lace.

Mrs. Latour wore a mid-drift length dress of silk in light peach and Mrs. Mills wore a mid-drift dark peach dress with a flower print.

The flower girl wore a white linen short length dress. The ringbearer wore a European style linen suit.

A reception was held after the ceremony at the Elk's Club in Pahokee. Assisting in the serving

was Freddy's Catering Service in Belle Glade.

The church was decorated with the altar banked in palms and centered with large fan shaped arrangements of white gladioli, white mums, full mums and pom poms. The family pews were marked with white satin bows.

The reception hall was decorated with eperign arrangement of lavender, gladioli, carnations, orchids and lillies centered the cake table. There was a champagne fountain of similar flowers.

Both couples went on a honeymoon cruise on the SS Norway to the Virgin Islands.

Michael and Erena Mills are now residing in Belle Glade. Carlos and Alina Latour now reside in Tallahassee.

Erena was graduated from Glades Day School and Palm Beach Junior College. She is currently employed at the Palm Beach County Sheriff's Office in Belle Glade.

Michael was graduated from Largo High School and Lake City Jr. College. He was in Viet Nam from 1969-70 and received the Bronze Star Medal and Army Commendation medal. He served with the 101st Airborne Division.

He is presently employed with the Palm Beach County Sheriff's Office as a Lieutenant.

Alina was graduated from Glades Day School and Stetson University in DeLand with a BBA degree in Business and a major in marketing. He is currently employed as a district sales manager with Pontiac Motor Division in Tallahassee.

Out-of-town guests included Ida Hudgens and Ruby Davidson, Plant City; Morrell and Bertie Andrews of Stuart; Dale Mills, New Smyrna Beach; Judy Crady, West Palm Beach; Judy and Bob Lynch, Clearwater; Hamlet and Silvia Serra, and Olga and Guido Serra of New Jersey; Hector and Fina Serra of Lantana and Mr. and Mrs. Ramon Otero and Graciela Serra of Pahokee; Mr. and Mrs. Tony Latour and family of Miami Lakes; Mr. and Mrs. Alberto Latour and family of Wellington; Mr. and Mrs. Eddie Latour

and family of St. Petersburg, Mr. and Mrs. Alvarez Carras and family of Palm Beach, Mr. and Mrs. Jorge Latour and

family of Vero Beach and Mr. and Mrs. Jose Veasmontes and family, also of Vero Beach.

Woman's Club holds luncheon

BELLE GLADE-The Belle Glade Woman's Club held their first meeting of the 1981-82 year with a covered dish luncheon at the Belle Glade Civic Center on Oct. 15.

The table settings were arranged by the hostesses June Mowen, Sue Murphy and Vivian Pate.

Following the luncheon, many members participated in a program of "Show and Tell" by sharing a variety of interesting objects which were displayed by program chairperson Isadore Nachman.

The last event of the luncheon was a business meeting with the president Mrs. Clyde Parrish presiding. Among other items on the agenda, dates and special events for the coming year were discussed.

By an unanimous vote Linda Steel was received as a new member of the club, her name having been presented by program chairperson June Mowen.

Also in attendance at the luncheon was special guest, Jane Shilver, representing the Junior Woman's Club.

Fashion show set at the Breakers

The ninth Annual Luncheon-Fashion Show for the benefit of the Nells Smith Residence for Girls, Inc. will be held at the Breakers Hotel, Palm Beach, on Saturday, November 28 at 11:30 a.m.

According to Barbara Pope, Executive Director of the Residence, this year's event will have a fashion show produced by Bonwit Teller, an Art Auction, door prizes and a super lunch done in the Breakers' inimitable style. Tickets may be obtained by call Cherie Crist, 996-4830. Reservations are limited. A donation is \$20.

The Committee for the Luncheon-Fashion Show consists of Mrs. Clark

Kolman, general chairman; Mr. and Mrs. Lee Rosenblatt, honorary chairpersons; Barbara Pope, Cherie Crist, Evelyn Blum, Evelyn Mortenson, Mary Cadby, Lee Ballard, Julia Ramadan, Jane Green, Virginia Spencer, Judy Nevins, Martha Rosenblatt, Rev. John Frerking, Bill Treadwell and Sally Cook.

Founded in 1970, the Nells Smith Residence for Girls, Inc. is a non-profit temporary group foster home for teenage girls who for one reason or another cannot live at home. Rev. John Frerking is the current president of the Residence.

ONE OF THE outfits to be displayed at the American Cancer Society Crusade Fashion Show in December will be this crepe de chine camisole and knicker topped with a velvet quilted jacket worn by Dolly Hand. Outfit courtesy of Barbara in Belle Glade.

Cancer Society plans fashion show

BELLE GLADE-The American Cancer Society Crusade Committee is sponsoring its second annual fashion show on Dec. 5 at the Belle Glade Elks Club at noon.

There will be seven stores with models representing their newest fashions. They are Barbara, Apple Green, Sweet and Sassy, The Haze, Town and Country, Kim and Tina's and Lady Athena.

Tickets are \$15 per person and include the cost of the buffet. Tickets can be purchased by contacting Rickie McCoy, Nancy Smith or Sharon Underwood.

Approximately one fifth of the American Cancer Society's funds are raised through this project.

LAURA COLLIER

Executive Secretary for the Glades Area Association for Retarded Citizens for three and one half years, Laura Collier was selected as outstanding ARC staff member for the state of Florida in 1980.

Laura enjoys sewing and is going to be married this coming Saturday to Philip White. Congratulations Laura! Her contribution to our recipe column is Divine Lime Pie and the whipping cream in this recipe makes it unique.

DIVINE LIME PIE

4 egg yolks
one half cup cup sugar
one fourth teaspoon salt
one-third cup fresh lime juice (2 to 3 limes)
2 to 3 drops green food color
one cup chilled whipping cream
one tablespoon grated lime peel

Bake a meringue pie shell. Beat egg yolks in small mixer bowl until light and lemon colored. Mix sugar, salt, lime juice and egg yolks in saucepan. Cook over medium heat, stirring constantly, until mixture thickens, about 4 minutes. Cool; stir in food color. Beat whipping cream in chilled bowl until stiff. Fold in lime mixture and grated lime peel. Spoon into meringue shell; refrigerate at least 4 hours. Garnish with Sweetened Whipped Cream and grated lime peel or lime twist if desired.

Crowds gather for good time

By JEFF BROWN

BELLE GLADE - There was a little something for everyone at the Country-Bluegrass Festival at the Belle Glade Holiday Inn last weekend.

Country music bands alternated with bluegrass acts to entertain the casual listener or the country clogger, booths were set up to cater to every taste in drinks and food, contests were

held for the competitive adult or child, concessions sold western wear, the pool was available for those needing a refreshing dip and there was even a dunk tank making it possible for one person to drop another into the drink.

"It was tremendous," said Dave Perrella, manager of the Holiday Inn. "We just loved it. It showed that the people in Belle Glade are going to accept

something like this."

The Holiday Inn has already announced plans to hold another festival the first weekend in April 1982.

"We want to put it on ourselves and if the Black Gold Jubilee Committee sanctions us, that's fine," said Perrella. "I think we have the right formula and I don't want to mess with success. You get too many people and different ideas together and you can make

changes and get people unhappy. With the three of us, we can yell and scream at each other in the office and get things worked out."

Perrella worked with Cathy Mohney and Simon Train, program director at WIRK FM while putting the festival together.

The Lonnie Jolson Band headlined the weekend, giving the opening performance at 8 p.m. last Friday and hanging around until closing day Sunday.

Jolson has released about eight singles and an album.

Other acts were Banyon, City Limits, Sonny Bailey and the Nashville Revolution, Hughie Burns and the County Line, the South Ocean String Band, Crossroads and Garland Shuping and Banjo Man's Wild Country.

Simon Train served as master of ceremonies throughout the weekend.

The crowd was well behaved ac-

cording to reports from both the Inn and the Belle Glade police. "I've never seen a security operation run like this or before," said Perrella. "Tremendous, just a terrific job."

The police kept incidents to a minimum with a show of force, and let the guests enjoy the festivities, according to Perrella. Events at the festival were spread over the Holiday Inn compound so that while some people were listening to music, a greased pig contest or the dunk tank may have been open at another spot.

The areas around the swimming pool served as a sort of fairway with the bars and concessions located around it.

The concessions sold everything from food to cowboy hats to cowboy boots to blue jeans to bumper stickers to Confederate flags.

Mohney estimated that approximately 3,000 people attended the two and a half day event, which featured live entertainment from one in the afternoon till two in the morning Saturday and Sunday.

"We will do it again," said Perrella. "Its onward and upward."

Perrella said the inn is attempting to contract Ernest Tubbs for the April festival, and will try to bring in bigger names with succeeding events, adding "You can only stick your neck out so far."

The festival has given the Holiday Inn the new title of "Entertainment Center of the Glades" according to Perrella, who said they are trying to contract Ernest Tubbs for the April festival, and will try to hire bigger names with succeeding events.

"You have to find out what you're capable of doing before you start planning more," he said. "I found out this weekend that my staff is very capable of handling this."

"We're never going to go to rock. We'll stick to country and bluegrass since that's what the people want."

The Holiday Inn is planning on at least two, possibly three festivals per year, according to Mohney.

"We're going to go for it," said Perrella.

Lonnie Jolson and his band perform before Saturday night's crowd at the Country-Bluegrass Festival at the Belle Glade Holiday Inn last weekend. Approximately 3,000 people attended the weekend long event.

Lonnie Jolson

COWBOY HATS could be bought at the festival if you didn't already have one. You could also find Confederate flags, belt buckles, bumper stickers, mugs, belts...

REV. JOE ED MCGAHEY

KEEPING THE FAITH

"And you, Capernaum will you be lifted up to the skies? No, you will go down to the depths." Luke 10:16 NIV

Today Capernaum is a beautiful archaeological sight. It has not been inhabited since the fourth century. The Franciscan Order in 1894 bought the site of Capernaum from the Bedouin owners. Soon after that the archeologists began their work. As they progressed they discovered the ruins of a third century synagogue, that had its foundation over a previous synagogue that would have been standing during the time of Jesus. The previous synagogue was the one that Jesus preached in many times. In fact, as one reads the Gospels it is soon evident that this was where His ministry was centered, there in Capernaum and the surrounding cities and communities.

This is the reason for Jesus words that are in our text. In fact, those words begin with verse 18, "Woe to you Korazin! Woe to you Bethsaida! (two of the nearby cities) For here was the area that had had the benefit of His ministry. His teachings and miracles, but they had not repented.

Now what does all this mean to us? Here we are almost 2000 years later, one third of the way around the world. But we have had centuries of Christian heritage and each of us have had many years of exposure to the truth of the Christian gospel. We live in a land that was founded on Christian principles. For more than a 100 years. Because of that Sunday we set aside a day of worship and rest. But as time went on there came to be more and more torments by secularism on the Lord's day. At first they were small and almost unnoticed. Then within the last fifty years (really far less than that in most places), recreational business, (such as theaters) began to be open in the afternoon and after church on Sunday night. In

most communities this was at the time considered a compromise. The only other businesses open were drug stores for a few hours and a few gasoline stations. Then about 25 to 30 years ago some of the chain grocery stores began to be open on Sunday. Always at first it was during non-church hours. Finally ten to twenty years ago depending on where you were, many other businesses started being open for business as usual seven days a week.

Now if believing that Sunday or the Lord's Day is a special day that should be set aside for worship and rest instead of business makes one a religious bigot, then our nation was full of them and we as a nation were dominated by them until about fifty years ago. Actually the Christian community gave in and compromised on the issue to try and avoid being labeled as bigots. They were assured in the beginning that these businesses would never be open during church hours. Such promises were soon forgotten.

So now Sunday has been changed from a day of worship and rest to a major day for recreation and business. It is thought of as a day in which many people are free to spend their money either shopping or playing. We live in an area where we are more dependent on God's grace than many people want to admit. I fully believe at the moment of God's choosing He can and will fill Lake Okechobee. But friends, we are still in a dry season with insufficient water not only for the big lake, but for many other things.

Now how can we expect a just and holy God to send the extra rain we need when we live as if He did not exist? Woe to you who treat the Lord's day as just another day. Woe to us, who as a community even take a special Lord's day and plan a massive recreational day of it. Again in 1982, Palm Sunday, will be used as a major day of recreation and sports.

Friends if we keep on laying aside God's commandments and claims on our lives we may not ever have our greatest recreational resource left in this area. As you know we are in serious trouble already. As we pray for rain, we must also be willing to repent! We will not have been the first people who face God's wrath of not receiving rain when we needed it because we failed to repent. Repentance is more than being sorry for our sin or sorry because they caught up with us. It means turning from sin to righteousness.

Youth leaders honor pastor and wife

BELLE GLADE—The Number Four Youth Usher Board, under the leadership of Mrs. Elba Daniel Walker along with her co-workers, Jessie Pace, Deatha Holloway, Phyllis Both, Rozzie

Stewart and Juanita Byrd prepared a luncheon after the morning service at the Mt. Zion A.M.E. Church on Oct. 18, where they entertained their pastor Rev. Thigpen and his wife and other invited guests.

The program consisted of "What a Fellowship" and for the opening The Lord's Prayer was sung in unison. Jones gave the welcome address and Latona Holloway and Yolanda

Cox both spoke. May Jones spoke to the group on their duty as ushers and Lakita Booth presented Mrs. Thigpen a large framed picture. Mrs. Maude Vanecko was the mistress of ceremony.

Billy Bowlegs and the Seminole war

By Jane Hurley Young, Florida Historical Society

Founded by a grant from Florida Endowment for the Humanities Billy Bowlegs, the peace lover was chief of the remaining 400 Seminoles. The stocky 35-year-old found it easy to get along with his white friends in the nearby settlements. He was never seen without the Peace Medal. President Martin Van Buren put around his neck at the treaty-signing after the Second Seminole War.

With only 100 fighting men left, he knew the only way to survive and keep the peace was to move his people in the "Glades." When a series of crimes was linked to the Indians he personally hunted down the offenders and executed them.

But forces were already in motion to disturb the precarious balance. Many plantation owners to the north coveted the Everglades land they heard was more fertile than the Nile Valley. With slave labor they could easily transform it into fields of rice and sugarcane. They demanded the Indians be moved West.

Many itched to sweep Florida clean of the red man. They closed the trading posts so Indians couldn't get supplies and then they sent George Hartsoff and his surveyors into the "Glades."

When they stumbled into Chief Bowlegs' camp they tore down his banana trees and smashed his squash and pumpkins. When the enraged chief confronted him they sent him sprawling in the mud. He walked away but vowed he'd get revenge.

The Third Seminole War started when Billy raided the surveyors camp, killing several and wounding Hartsoff. Raids on white settlers and the desperate

guerrilla warfare started over again. Even the families on the Manatee felt the Seminoles' anger when they raided Braden's plantation. The frightened settlers finally moved in the large fortification for protection from Indian raids.

American soldiers wandered in the mass of the "Glades, building roads and making maps and rarely seeing the "Invincible" invisible Seminoles.

It was the bounty hunters who received \$500 for every brave and \$200 for every squaw and child captured that finally broke the redman's spirit. These civilians took their quarry to Egmont Key in flat-bottom boats and stockaded them there to await deportation.

After two years of frustrating guerrilla fighting President Buchanan wanted to end the fruitless war so he agreed to talk peace with Chief Bowlegs. The chief, too, wanted peace and he wanted to ransom his grandchild, who was then a hostage.

The U.S. Government would take care of them for life if they would move to Arkansas. Over a hundred and twenty agreed and boarded the Grey Cloud for the trip West. Some escaped and returned to their beloved homeland, but Bowlegs kept his bargain so his people could keep the government money. He gave his prized Martin Van Buren Peace Medal to his best white friend, trading post owner, Thomas Pugh Kennedy.

As for the 300 outlaws Seminoles hidden in Big Cypress, the U.S. gave up. In 1917 100,000 acres of swamp and sawgrass was set aside as their reservation.

Guid attends crafts class

BELLE GLADE—The Wesleyan Service Guild of the Community United Methodist Church attended a work shop of the arts and crafts class on Oct. 19 to work on the completion of the objects of art for their annual Christmas bazaar to be held on Saturday.

Nov. 14, from 8:30 a.m. to 1:30 p.m. at Jamestown Hall.

Their regular meeting was cancelled to accommodate this class. The bazaar is a yearly event sponsored to raise funds for the organization.

Do Pumpkins Have Character?

While raising their children, I discovered that pumpkins have character. Using the same love and a minimum of skill, I turned out jack-o'-lanterns - scaring and lovable. All I know is that children have character. But that character develops in a simple product of parental love.

In the religious education class, I have provided a child with the faith that will enable him to have character in the world and in the service of his church. I have expressed our own religious beliefs and made it a part of a child's life.

Truly, God loves character.

Chamber of Commerce banquet—

(Continued from Page 1)

Chamber Pres. Corbin presented each of the awards to close out the evening.

The Chamber's citizen of the year, Fritz Stein, was born July 20, 1931, attended local schools, and served in the U.S. Army.

He has served on the area planning board, the Glades Day School board of directors for eight years, and the Palm Beach County Soil Conservation Service.

He has also served as Rotary Club president, advisory board chairman for the Belle Glade branch of the Bank of Pahokee, the South Florida Conservancy District, the Molasses Exchange, the Sugar Cane Growers Cooperative of Florida, and was recently appointed to the state Agriculture Stabilization and Conservation Service by Sen. Paula Hawkins.

He is also a member of the Belle Glade Alliance Church.

Stein told the audience that some have left the community, rather than try to find solutions to problems.

"Our problems can be worked out if we try. I'm just proud to be

part of it. Thank you," he said in accepting the award.

The police officer of the year, Jack Fulenwider, was born in Miami in 1961, moved to Belle Glade, and graduated from Belle Glade High School.

He joined the Belle Glade Police Department in 1971, left to join the Sanford Police Department briefly, and returned to the BGD in 1978.

He has helped solve a number of felony cases and made the arrest of Wayne Callender most recently. Callender is accused of the double murder of a Belle Glade couple earlier this year.

The fireman of the year, Lt. Cecil Bair, joined the Belle Glade Fire Department in 1948.

Though he holds the rank of lieutenant, he still takes an active part in fighting fires.

The agri-industrial award winner, Emil Wolf, has been active in Glades research for 33 years; he joined the Belle Glade Agriculture Research Station in 1948 as a professional plant breeder.

Most of the celery grown in

Florida is a result of his work. Nineteen years ago he began improving sweet corn. One of the varieties he selected became one of the leading varieties grown in the state.

He completed his undergraduate and graduate studies at Purdue University and additional advanced study at the University of Florida.

Incoming Pres. James Jacks said, "It's a real privilege to serve my community as president next year. I will try to have the best year ever. Only with your help can we achieve that goal."

Jacks asked Chamber members to get involved in the Chamber and in the community. He presented a plaque of appreciation to outgoing Chamber Pres. Gordon Corbin.

Others' taking part in Thursday's Chamber banquet include master of ceremonies Robert C. Lee, Lee Cranford with the invocation, Sandra Chambliss with the welcome, and Commissioner Bill Bailey with the installation of new officers and directors.

MANY Belle Glade leaders gathered for the annual Chamber of Commerce banquet held in the Elks Club.

Jack-o-lantern contest set

BELLE GLADE—The Belle Glade Junior Woman's Club is sponsoring a jack-o-lantern contest. Any child up to 11 years old is eligible to enter.

Pumpkins should be brought to the Belle Glade Public Library no earlier than Oct. 28. The judging will take place at noon on Oct. 30.

Children are reminded that the pumpkins must be real and can be decorated any way they wish.

THE MENTAL Health Center in Belle Glade recently gave service awards to these members for "eight years of outstanding, superior service," according to Gene Cogar Executive Director of Mental Health. Honored were back right, Nathan R. Kahn, M.D., Nisha Mulberg, RN, front row Carla Lawson, medical records, and Susie Coleman, Rehabilitation Technician for the Children's Department.

Stockholders hear earning report

Winn Dixie Stores, Inc. recorded a 7.5 percent increase in sales and a 13.9 percent advance in earnings during the first quarter of fiscal 1982. Stockholders were told at the annual meeting today.

Bert L. Thomas, President of the Sunbelt's largest retailer, said overall sales during the 12 weeks ended September 16, 1981, amounted to

\$1,465,356,000 compared with \$1,362,709,000 during the last year, a gain of \$102,647,000.

Earnings per share were 77 cents compared with 64 cents, while total earnings increased to \$19,133,000 from \$16,800,000 during the comparable period last year.

Commenting on first quarter results, Mr. Thomas said: We are aggressively working to increase the tonnage of food we put on our customers' tables as well as improving the use of our retail store facilities by increasing the sales per square

foot. We also have great emphasis on increasing the display space devoted to General Merchandise items to give us a more complete one-stop shopping store and increase the sales of these high gross profit.

In addition to the reelection of all present Directors, the Stockholders named three new Directors: J. Shephard Bryan, Jr., Vice President, Secretary and General Counsel of the company; A. Dano Davis, Senior Vice President and Regional Director of Winn Dixie's Atlanta, Jacksonville and Orlando

Divisions; and T. Wayne Davis, Jr., Vice President and Associate Director of Community Affairs of the company.

The Directors declared monthly dividends of 18 cents per share on Common Stock, payable October 30, November 30 and December 29 to shareholders of record October 15, November 16 and December 11.

Winn Dixie opened 6 new stores and closed 1 since June 24, 1981, having 1,225 units in operation on September 17, compared with 1,206 last year. 25 additional new stores are presently under construction.

Florida farm income ranked fourth in U.S.

Florida ranks fourth in the nation in net farm income at \$1.6 billion, which is just slightly less than Illinois at \$1.8 billion. The state also ranks in the top five states in crop receipts. According to the 1978 Census of Agriculture, crops brought a return of \$2.2 billion, 71% of Florida's total farm sales, compared with \$1.3 billion in 1974. Livestock and their products brought a return of \$647 million compared with \$408.6 million in 1974. Further, sales of poultry and products amounted to \$223.6 million an increase over the \$280.1 million of 1974.

According to the Agribusiness Institute of Florida, agriculture in Florida as well as nationally accounts for about one out of every five jobs. While 110,000

farm workers are employed at the height of the season only about 30 percent are true migrants.

Florida is home to 44,165 farms encompassing over 13.5 million acres. In developing countries, 80 percent of the farms are 12 acres or less. Approximately 1,000 of Florida's farms are in excess of 2,000 acres each.

The common stocks of certain agricultural industries performed considerably better than the stock market average of a 42 percent gain from 1970 to 1980. For agricultural machinery manufacturers, the figure was an 88 percent gain, while selected fertilizer stocks gave a 129 percent gain.

Local woman participates in army exercises

Army Pfc. Bernita McClelland, daughter of Mr. and Mrs. James McClelland Jr. of 31 Carver St., Belle Glade, has participated in "Reformer '81," a series of training exercises conducted by the North Atlantic Treaty Organization (NATO) forces in Europe.

McClelland, a telecommunications specialist with the 3rd Armored Division in Frankfurt, West Germany, joined

with members of her unit to provide vital support for the United States and allied forces taking part in this annual exercise.

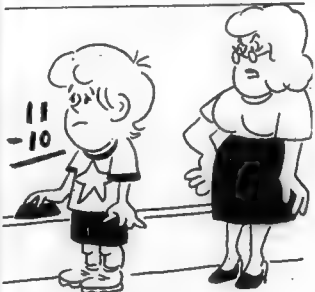

The 13th of its series, Reformer '81 tested mobility, plans, capabilities and support agreements between military and civilian transportation agencies of both the United States and its NATO partners.

The exercise, stated Department of Defense

officials, provided soldiers and airmen the best possible peacetime training for performance of duty under simulated combat conditions.

Nearly 17,000 people along with 27,000 tons of equipment were sent to Europe from the United States in support of Reformer '81.

Her husband, Lewis, is the son of Marilyn Berzot of 100 Murphy Court, Vallejo, Calif.

Consider the real cost when shopping

How much does a two-dollar magazine cost? ON the magazine cover, the price may appear firm; but the real cost, measured in terms of your purchasing power, varies according to your tax bracket.

If you are married and your joint taxable income — that's what you pay tax on after deductions and exemptions — is \$20,000 to \$24,000, you fall in the 28 percent tax bracket and you pay \$2.78 in pre-tax income for a \$2 publication. In the 49 percent bracket

you may pay as much as \$3.82 for that same glossy little publication.

The difference, as explained by the Florida Institute of Certified Public Accountants, lies in the amount of spendable income left to you after meeting your tax obligations. The higher the bracket, the more you must earn to have \$2 available to spend. Viewed in these terms, taxes become a significant factor in every financial decision you make.

The money you spend is usually money you have

earned — and that means you pay a tax on it. You must earn \$80 before you can spend \$40 on a dinner for two if you're in the 50 percent tax bracket. Think about how long it takes you to earn that much before you decide how to spend it.

Here's how you can figure out the impact of taxes on your purchasing power, once you know your taxable income. Divide the cost of the item you want to purchase by "one" minus your tax bracket. For instance, if you want to buy a \$20 ticket to a concert and your taxable income is in the 43 percent marginal tax bracket, do this:

$20 \div (1 - .43)$ equals 35.28. This equals 20 divided by .57 and that comes to \$35.28, so that's what you need to earn before spending the \$20.

The difference between just getting by and becoming rich can be attributed to the financial wisdom exercised, CPAs say. Here's an example that may be extreme, but it's a clear illustration of how this wisdom — or lack of it works. One can earn \$80,000 a year, but wind up with no capital, while others with the same income grow wealthy. If you are among those few who are in the 50 percent tax bracket, a \$12,000 automobile would cost you \$24,000 of income. In five years, its value would be \$2,000. If instead of buying a car you had purchased a tax shelter, investing the whole \$24,000 with only a 10 percent return, that would grow to \$38,640 over five years. There are two options — one leads to \$2,000 and the other leads to \$38,640, or 20 times as much.

Tax planning should be a consideration in all of your spending. Not only do you need to calculate

your purchasing power according to your income tax bracket, but you should consider other ways to reduce your tax liability. For instance, when buying durable goods, consider the future value of the item. Quality clothing can usually be donated to thrift shops, then claimed as a tax deduction, whereas clothing of less value may simply wear out and be discarded. Spending more initially may actually result in more value to you in the long run. The same may apply to a piece of furniture. Before buying it, ask yourself whether it is likely to appreciate in value or become a valuable antique.

The easy credit of our former "buy now, pay later" society encouraged

people to buy more "things" than they really needed. Quality, future value, or the tax implications were not considerations in the throw-away society. Today, we are more concerned with ways to get more from our money.

Let's say you buy a \$45 pair of shoes, which really cost you \$62.50 in income because you are in the 28 percent tax bracket. Now add the finance charges. Then, figure the tax deduction for the finance charge. Obviously, you won't go through these computations every time you pay the baby sitter or get a shoeshine, but as CPAs say, the more carefully you plan discretionary spending, the more you will have for the future.

Small car death rate high death

The death rate in small cars is double that of large cars according to the Florida Highway Patrol.

Studies since 1975 have shown that there have been about 2.5 deaths per month per 100,000 registered small cars, compared to 1.2 for large cars.

In other words, for every 100,000 small cars registered, we can expect twice as many occupant deaths each year as there are for every 100,000 large cars registered.

Colonel Eldridge Beach,

Patrol director said, "To minimize chances of being killed or injured, drivers of small cars should always wear their seat belts. For the next most effective way of protecting themselves, small car drivers should drive defensively, almost as much as the smaller motorcycle riders need to do."

"Drivers of small cars should strive to make their vehicles highly visible. At night, keep taillight lenses clean and make sure rear stoplights are working properly."

Farmer reaction is mixed

GAINESVILLE — Florida farmers believe the battle for the sugar and peanut support programs is not lost.

Some parts of the com-

modity programs will be salvaged when the U.S. Senate and House conference committee meets to iron out differences in the legislative proposals, according to Walter J. Kautz, president of the Florida Farm Bureau Federation when represents 95 percent of the state's farmers.

Kautz's reaction to the House vote to remove acreage limitations on peanuts and eliminate sugar-loan price supports was mixed.

"These programs have stabilized consumer and producer prices while preventing overproduction," the sugarcane grower said.

"Farm Bureau believes, in most cases, agriculture needs to return to the free enterprise system as quickly as possible. But, these things must be done in steps, not overnight."

"If this thing is handled in a well-thought out manner everyone involved will benefit," Kautz said.

Florida Farm Bureau Federation is the state's largest general farm organization and has 93,500 member families.

Florida avocados in season

If you are an aficionado of those large, beautiful avocados from Florida, get ready to enjoy them. The season for Florida avocados is beginning and plentiful supplies are expected to be available in the markets through January.

And if you have never tried them, there is no better time than now. Avocados from Florida have special qualities that make them different from other commercially grown fruit. The varieties that flourish in Florida grow nearly twice the size of other avocados. Because of their bigger size they make very attractive and delicious

edible "showboats" for serving main dish, salads and most fillings, both hot and cold. They're also terrific serving containers for dips like guacamole.

Another special quality of Florida avocados is that they are lower in calories than other avocados. So, if you are a calorie watcher, you'll find avocados from Florida can add important variety to the diet as well as pretty color or to make meals look even more appealing.

But the very best part of an avocado is its wonderful, buttery-smooth, nutty flavor. The mellow taste of

avocados is one that blends with and enhances a variety of other foods, especially juicy, fresh fruits. What makes this fruit salad special is the Avocado Cream Dressing. Avocados, sour cream and lime juice are whisked in the blender until velvety smooth. Not only is this dressing filled with rich avocado flavor, but it's also a beautiful, natural green color.

No matter what you serve Florida avocados—whether sliced into salads, layered in sandwiches or whisked into dressings and dips—you can count on them to add variety and great taste to meals.

Avocado Pin Salad

Lettuce leaves
2 medium Florida avocados, peeled and sliced
4 bananas, peeled and sliced
1 pint strawberries, halved
4 cups fresh pineapple chunks or canned pineapple chunks, drained
5 cups cottage cheese
Avocado Cream Dressing (recipe follows)
1/2 cup chopped nuts

Line four individual serving plates with lettuce leaves. Arrange avocados, bananas, strawberries and pineapple equally divided, on lettuce. Add a scoop of cottage cheese (about 1/2 cup) to each serving; sprinkle with nuts. Pass Avocado Cream Dressing separately. Makes 4 main dish servings.

Avocado Cream Dressing
2/3 cup sour cream
3 tablespoons lime juice
1 1/2 tablespoons honey
1/2 teaspoon salt

Dash liquid hot pepper sauce
1 medium Florida avocado, peeled and cubed
Measure sour cream, lime juice, honey, salt and pepper into container of electric blender; blend to mix. Add avocado cubes. Blend until smooth, scraping sides of container as needed. Serve as salad dressing or dip for fruit chunks and slices. Makes about 1 3/4 cups (AFNS)

Easy experiments for kids

Children are naturally curious. They like to explore how things work and why things grow. According to Camp Fire, the national youth agency, exploring and experimenting can help and boys develop resourcefulness and increased powers of observation and reasoning.

Root-Top Garden
Materials: Shallow, flat bottom container, real potting soil (carrot, beet, turnip, radish and/or parsnip) with tops that show a little stub or bit of green stem, small pebbles.

Steps: Cover the bottom of container with pebbles. Select one or more vegetables with tops that will fit into the container nicely.

Cut the leaves back to within an inch of the vegetable crown. Leave about 2" of the vegetable end. Have group arrange the cut roots with their short tops in the container, using pebbles to hold them in place. Slowly add enough water to reach the top of the root without covering it. Place the container in the light and green shoots will soon appear. The plants should always be supplied with water.

Making the Most of the Activity: Use the vegetable ends to make snacks with

chip dip, cheese spread or peanut butter.

Taking Your Pulse
Materials: Clock or watch with second hand, pencil and paper.

Steps: Explain that the heart is a pump that pumps blood through little tubes called arteries. Each time your heart beats your arteries swell slightly. This is called a pulse, which you can feel in your wrist.

Aak Blue Birds to guess how many times they think their hearts beat in a minute. Have them write down their predictions on a chart.

Then have the children sit quietly and place the first 2 fingers of their right hands on the inside of their left wrists, just below the base of the thumb.

Have the children count the number of times their hearts beat during a minute. Record it on the chart. See how close they come to their predictions.

Rain and Shine Watchers
Materials: Cloth, felt or

vinyl of 2 different colors (a bright and a dark color); a supply of pebbles.

Steps: Have each child make brightly colored "Shine Bag" and a dark colored "Rain Bag." Glue, attach or draw a sun symbol on the Shine Bag. Put raindrops or umbrellas on the Rain Bag.

Have each child take a bag home and add a pebble (or bean) to the Shine Bag for each sunny day and a pebble in the Rain Bag for each cloudy day.

Noting the Most of the Activity: Make a Rain and Shine Chart to tell what days were mostly cloudy or sunny.

At the end of a month, 6 weeks or a season, hold a contest to guess the number of beans or pebbles in each bag.

These easy experiments are from *What, When, Why*, a book published by Camp Fire for leaders who work with youth.

What, When, Why is published by Camp Fire, Inc., 4601 Madison Ave., Kansas City, MO 64112.

Onions Top Hearty Burger Sandwich

A hearty burger sandwich topped with rings of Idaho-Oregon Sweet Spanish onions is a meal that will appeal especially to the men in your household. Serve your burgers on onion buns, toasted ring bread are spread with a tasty mixture of blue cheese, cream cheese, mayonnaise and seasonings. Over this go tomato slices and crisp juicy onion rings. Then sandwich is slipped under the broiler to heat until bubbly.

Sweet Spanish onions from Southwestern Idaho and Eastern Oregon are on the market from mid-August through March. Look for the large round onions with the bronze parchment-like skins, and buy enough to enjoy often while they are in season.

Idaho-Oregon Sweet Spanish onions have excellent keeping qualities if properly stored in a cool, dry, dark, well-ventilated area. Cut onions should be wrapped in plastic and refrigerated. Or chop and freeze to use at your convenience.

Onion Burger Sandwiches

1 Idaho-Oregon Sweet Spanish onion
1 lb. ground beef
Salt and pepper
4 slices rye bread
1 package (3 oz.) cream cheese, softened
2 ounces blue cheese, crumbled
1/3 cup mayonnaise
1/2 teaspoon Worcestershire sauce
Dash of salt
8 slices tomato

Peel and slice onion. Separate into rings. Shape ground beef into 4 thin burgers and broil to desired doneness. Sprinkle with salt and pepper. Toast bread slices on one side. Place broiled burgers on untoasted side. Combine cheese, mayonnaise, Worcestershire sauce and salt. Spread cheese mixture over burgers. Top with tomato slices and onion rings. Spoon remaining cheese mixture over top. Broil until bubbly. Serves 4.

Snip off the tops of vegetables and grow a garden.

Dunaway Brings Crawford Vividly To Life In "Mommie Dearest"

★★★ 1/2

Hollywood has been somewhat guardedly paranoid ever since the publication of Christina Crawford's startling allegations of child abuse and schizophrenic behavior patterns on the part of the late and legendary screen star Joan Crawford in "Mommie Dearest." The book was disputed by many loyal citizens of Tinseltown, either out of sheer ignorance or, more likely, fear of a rash of expose confessions by bitter spouses, lovers, agents and children. Christina was accused of vengeance seeking in the wake of being disinherited along with her brother, Christopher, in Joan's will with the cryptic condemnation "for reasons which are well known to them." But Christina was not the only one to do a number on Crawford. In "The Dark Side of a Star," Bob Thomas recounted numerous tales of Crawford's erratic conduct and what must be described at the very least as unkind treatment of her kids.

Now "MOMMIE DEAREST" has been brought to the screen by Paramount Pictures and it is no small coincidence that Paramount is probably the only major studio for whom Crawford did NOT make a movie during her long screen career. Early reports indicated that the film's approach would be compromised in favor of Joan's image, that the "monster" element would be somewhat softened. But then the screen treatment by producer Frank Yablans and director Frank Perry also bore the scars of the same. Perry and Robert Getchell, all of whom have the

most curiously distinctive credit in the film's titles that writers have ever received.

All of that aside, "Mommie Dearest" has emerged as a fascinating glimpse inside Hollywood. Such things, they often protest, are seldom achieved. "S.O.B.," for instance, was a dismal disappointment because director Blake Edwards vowed to go for Holly-

The Way I Saw It

by RALPH BLUMENK

wood's jocular but settled for sadistic grin. humor. Not so with Frank Perry, who is best remembered for "David & Lisa" and "Diary of a Mad Housewife." Perry, whose strong suit has never been subtlety, gets the most out of every dramatic moment, especially in scenes where Crawford is physically thrashing poor Christina. It's difficult for a parent, even this hardened film critic to keep his eyes on the screen.

Faye Dunaway gives an astonishing portrait of Joan. Not only because of the material with which she's been provided and her enormously energetic portrayal of it but also because of the bravura makeup job. There are

several moments when you would swear you're watching Crawford herself. What is particularly amazing about it is that Dunaway herself is as big a star with as distinctive a face and screen presence as Crawford was in her day. She does have moments of the deep end a bit, but then only Christina would know for sure.

Christina is also impressively portrayed, first by an extra-ordinary little girl named Maria Hibel and later by Diana Scarwid, who got an Oscar nomination last year for "Inside Moves."

Unless Joan retains adoring, loyal friends at the American Academy of Motion Picture Arts and Sciences who awarded her two Oscars during her lifetime, Dunaway, Scarwid and Perry could be contenders in this thus far relatively undisturbed year for outstanding movie achievements. If not, they've still managed to provide us with a remarkably honest and unflinching look at what stardom can do to stars and some of the people unfortunate enough to love them.

That's a wrap

MINIREVIEWS & STAR RATINGS FOR CURRENT MOVIES

★★★★ 1/2 ★★★★★ 1/2

"BODY HEAT"
The first really exciting adult film of 1981, this dazzling romantic melodrama about a lawyer and a bored, wealthy widow is enough to steam your contact lenses. William Hurt proved to be one of the finest new actors we have around, which he demonstrated in "Altered States" and "Keyhole Witness" and Kathleen Turner makes the most stunning screen debut in recent memory. The film is brilliant, if written and directed by Lawrence Kasdan, who scribbled out much slicker kiddie stuff with "The Empire Strikes Back" and "Raiders of the Lost Ark."

"THE EMPIRE STRIKES BACK"
In many ways this follow-up installment to "Star Wars" is even better than the original. Creator George Lucas' imagination seems as boundless as space itself and the swift pace of action keeps the audience enthralled. The scene where the evil Emperor Yoda will have his last stand with C-3PO and R2-D2, the latter of whom sets up an elaborate trap for the reptiles.

"AN AMERICAN WEREWOLF IN LONDON"
Director John Landis (another werewolf movie) shows his wife Marsha Mason how to make a movie that is both a horror and a comedy. The special effects and makeup which rival the recent lycanthropic epic, "The Howling," and the often witty script make this one of the most entertaining movies around right now. David Naughton, alumnus of "Animal House," is very good in the title role and Jenny Hunter adds additional charm as the nurse whose bedside manner leads from hospital to bedouin.

"ARTHUR"
Cuddler Moore is a laughing toon as a poor little rich boy in love with a rich little poor girl, Lisa Minelli. The catch is his \$750 million inheritance forces him to take the girl and his family's fortune. The antic is uproarious and "Arthur" is the funniest movie of the summer season.

Rated PG

"ONLY WHEN I LAUGH"
Neil Simon's old clunker, "The Odd Couple," has been overhauled to accommodate a new script by Neil Simon. The surgery was a success and this is one of the brightest, wittiest movies of the year. Kristy McNichol, James Caan and Joan Hackett round out the splendid cast, all of whom are likely to get Academy Award nominations. Directed by Glenn Jordan.

"RAIDERS OF THE LOST ARK"
George Lucas and Steven Spielberg create "The Force" behind this highly imaginative tribute to the old cliff hanger serial. Harrison Ford plays Indiana Jones, a shabby archeologist, with whom we are likely to share more than a few adventures. The film is high, budgeted, adventurous and fun. The sidekick will probably find his way to the screen in the season.

Rated PG

"ANY WHICH WAY YOU WANT"
Clint Eastwood's follow-up to "Any Which Way You Want" is a masterpiece of suspense. The surgery was a success and this is one of the brightest, wittiest movies of the year. Kristy McNichol, James Caan and Joan Hackett round out the splendid cast, all of whom are likely to get Academy Award nominations. Directed by Glenn Jordan.

"CLASH OF THE TITANS"
Special effects genius Ray Harryhausen conjures up a marvellous titanic sea battle and a beautiful Pezapa, the winged nurse, in this epic retelling of the Greek myth about Perseus and Andromeda. Viewing the film might not get you as "A" as a Greek mythology final, but it's a wonderful way to spend a hot summer night. The film is high, budgeted, adventurous and fun. The sidekick will probably find his way to the screen in the season.

Rated PG

"ESCAPE FROM NEW YORK"
1981 and the President's plans crash into the Big Apple which has become a maximum security prison for 3 million convicts. John Carpenter directs this slickly enough to command attention despite intellectual resistance. Kurt Russell plays the hero as if he were doing a Clint Eastwood impersonation.

"VICTORY"
Although embarrassingly reminiscent of "The Longest Year," this tale of Allied prisoners of war vs. German tanks and living hell in Germany appears to have been written by Steven Spielberg. The film is high, budgeted, adventurous and fun. The sidekick will probably find his way to the screen in the season.

Rated PG

Zany Belushi Charms "Continental Divide"

★★★

One of the toughest things an actor can do when he becomes successful for a particular role is to escape the snare of typecasting. I'm still not convinced that Sean Connery truly emancipated himself from the bondage of 007. Neither would I wage a mouse's ransom on the probability of Christopher Reeve ever becoming known for anything else but "Superman."

John Belushi is famous for being a zany, having scored big in such wacky madballs as "Animal House," "1941" and "The Blues Brothers." Before that he was one of the snarling attractions on TV's "Saturday Night Live." Let's face it, folks, Belushi gets to play "Hamlet" with those kind of credentials.

Belushi's new film, "CONTINENTAL DIVIDE," he pulls off a pretty clever coup. He breaks away from screwball farce into the nice, mellow atmosphere of a gentle, romantic comedy. That's no small achievement, because lesser talents would only succeed in disappointing their fans. Belushi will probably win new ones for this movie.

The story is almost non-existent. Belushi plays a street tough Chicago San-Times newspaper reporter with a passion for political journalism. When his Smith-Corona

ratings step on the wrong toes, some hoodlums step on his face. His editor (Allen Corwin), who also happens to be his friend, suggests an alternate assignment until the heat's off. Reluctantly, Belushi treks up into the Rockies where he's supposed to get the lowdown on a young lady orthodontologist who's making a study of genes. Naturally it's hate at first sight for her, and her happens to be lovely Blair Brown whom many will remember from "Altered States." She resents his intrusion and even more the notion that he may just destroy her paradise and efforts by forcing unwanted publicity upon her. Gradually, Belushi would prefer to force himself on her and eventually nature takes its course.

"Continental Divide" does not take light under the wing of Belushi alone. Screenwriter Lawrence Kasdan, who has to be the hottest scribe in Hollywood with "E.T.," "Raiders of the Lost Ark" and the current "Body Heat" feathering his name, has created his last bombastic script here, one which allows both Belushi and Brown to really belt and coo without having to do a slalom through too many plot complications. Then, when the movie is almost over, Belushi plays a street tough Chicago San-Times newspaper reporter with a passion for political journalism. When his Smith-Corona

On the far frontier

By Doyle Conner, Commissioner Florida Department of Agriculture and Consumer Service

When chiefs of state of 21 major nations convene at Cancun, Mexico, Oct. 22, there is expected to be a philosophical collision between the United States and President Reagan's policy and the desires of the less-developed countries for more aid from wealthier countries.

The U. S. policy would rely more on trade and internal development among the needier countries and less on outright aid. Third World countries want the richer nations to share the wealth directly. France and some other industrialized countries, according to the magazine U.S. News and World Report, are expected to side with the Third World.

The United States has an opportunity to advance its administration with an opportunity to advance its general U.S. desires in negotiating how best to help underdeveloped nations achieve a higher standard of living for their people.

The United States is an advocate of freer trade among nations, and it has legitimate grievances with the way the European Economic Community conducts itself with regard to agricultural policy. The U.S. long has supported a more unified, integrated Europe. Every administration since the conclusion of World War II has worked toward this end.

Central to a unified Europe was the development of a customs union within the community of nations, with a common tariff system to provide for trade among members of the EC and between the EC and other countries.

With economic recovery has come an assertive agricultural export policy within the European Community which is threatening the U.S. position in world agricultural trade. The European Common Agricultural Policy also is denying the world as well

as European citizens a free market for food.

The EC policy favors products of member nations over those of outsiders, and through tariffs and variable levies is able to stabilize food prices within the European Community and insulate them from world prices.

The EC also is now in a position to export sizable amounts of its farm production, and is increasingly using subsidies to compete with the U.S. and other efficient producers in the world market, despite the fact that subsidies are paid out of a tax levied on Europeans.

Guaranteed, subsidized farm prices have led to overproduction by EC farmers of some items such as dairy products, meat, fats and oils and fruits and vegetables. The EC exports about \$21 billion worth of these products a year. Last year, the Common Agricultural Policy took \$1.4 billion out of the EC budget which is subsidized by member EC nations.

This action by the EC is also costing American farmers a share of their markets, not only in Europe but also in countries where they now are competing with subsidized products from the EC.

Global inflation and monetary instability have been severe problems for developed nations, but have been much more painful for the less-developed nations. The EC and the U.S. dominate world trade, and need to work together to make the world economy more stable as well as ease the plight of troubled developing nations.

We should seek to persuade our friends in Europe that a free and competitive system of agricultural trading, and not a subsidized and protected system, would be in the best interest of healthier world economy. Our farmers should not be required to compete with EC farmers whose output is competitive in the world only because their governments are paying higher taxes and higher prices for food.
